Graduated from Chatham, NJ high school, 1963 where he was a star basketball player and team Captain.

After graduation from Lafayette College Larry served in the Army as a 1st lieutenant stationed in Fort Knox, Ky. Upon discharge in 1971 he accepted a position with Merrill Lynch in Bethesda, MD. He enjoyed a career in the financial sector until his retirement in 2007.

Larry and I were married shortly after his army discharge although we met right after he graduated college and dated throughout his military days. We lived and raised our son in Montgomery County MD up until last July when we moved to Myrtle Beach SC, to be near family. We both enjoyed traveling over the years and bought a small piece of paradise in Sint Maarten where we spent as much time as possible, especially after retiring.

Larry was a very hands on Dad, he particularly enjoyed coaching the little guys in Basketball and baseball. He was incredibly proud of our son's academic and athletic accomplishments over the years.

I believe Larry was in his early 20's when he began playing tennis regularly. He became an avid tennis player who seldom lost, he played 3 or 4 times a week right up until about 5 years ago !! He remained loyal to his NY Yankees and NY Giants which wasn't easy living right across the River from DC!!

After being diagnosed with Parkinson's disease several years ago Larry fought that battle with admirable strength, courage, and determination to "keep moving"! In the end Larry experienced an acute cardiac event which was sudden and unexpected. He will be inurned at Arlington National Cemetery; he did not want any kind of formal burial, obituary, etc.

Larry always spoke of his Chatham days fondly, Bob, Joe, "the Frisbies", Connie, and others, childhood escapades, and basketball. He would be touched to know that you have reached out to me. Thank you.

Warm Regards,

Nancy
